If your child is 3 years old and is not potty trained they must go to Child Watch, if your child is 3 years old and is potty trained they need to be in the Adventure Zone when it is open.

Please Note:

- For the safety of your child, please adhere to the age guidelines.
- In order to best serve all our members, please take your child to the restroom before checking in. This allows our staff to remain in the room instead of making trips to the restroom.
- If your child has special needs, please communicate those with the staff person. We make every effort to accommodate children with special needs and encourage usage during non-peak times so that we may better serve you and your child.
- Allowable snacks are crackers, cheese, fruit snacks, pretzels, fruit and vegetables. Due to allergies, we do not allow snacks with nuts or egg products. We do not have the ability to heat items.
- Please label all of your child’s items.
- We reserve the right to limit usage during peak times to Facility Members only.
- If it is your child’s first time in Child Watch, please check back within 10 minutes of check-in to ensure a smooth transition for your child.

Sick Policy

We are unable to care for any children who are sick. A sickness would include, but is not limited to; fever, vomiting, diarrhea, productive cough, and green or yellow eye and/or nose discharge. It is in the best interest of all the families we serve and our staff that we follow these health guidelines and we thank you for your cooperation.

Non-School Days

When both Everett and Snohomish School District have Non-School Days, Child Watch will open mid-day from 1:30-3:30 pm for ages 6 weeks-10 years old, if not already open on that day.
